FINDINGS OF FACT

1. Petitioner (CARES # [REDACTED]) is a resident of Milwaukee County.
2. Petitioner filed this appeal to contest the discontinuance of her FoodShare benefits effective October 1, 2015. Those benefits were discontinued for failure to participate in the FoodShare Employment and

Training (FSET) program as an Able-bodied Adult Without Dependents (ABAWD) who was required to meet a work requirement.

3. Petitioner applied for FoodShare on June 29, 2015. He was determined to be subject to mandatory ABAWD rules. Petitioner has not been determined to be disabled by the Social Security Administration's SSI program nor the State Medicaid program or any other program. Petitioner was referred to the FSET program as an Able Bodied Adult Without Dependents and so notified via a written notice dated June 30, 2015.
4. Petitioner missed FSET orientation appointments set for July 8, July 20, July 30 and August 11, 2015 before finally enrolling on September 14, 2015. At that point he was assigned to attend a workshop. He was not able to attend the workshop, granted good cause and reassigned to begin September 28, 2015.
5. The agency concluded that Petitioner could not meet the minimum FSET/ABAWD requirements by the end of September 2015 so sent him a notice dated September 18, 2015 that informed him that his FoodShare was to be discontinued effective October 1, 2015.
6. Petitioner's time limited FoodShare benefits have been received for the months of July, August and September 2015.

DISCUSSION

Effective July 1, 2014, Wisconsin began the Able-Bodied Adults without Dependents (ABAWD) policy in Kenosha, Racine and Walworth counties. *FoodShare Wisconsin Handbook (FSH) §3.17.1.2*. This was implemented statewide as of April 1, 2015. *Id.*

Under ABAWD rules, childless, able-bodied adults must either meet ABAWD work requirements or be exempt from the work requirement in order to receive FoodShare benefits. *FSH §3.17.1.1*. ABAWDs who are not exempt and who do not meet the work requirement are only allowed to receive 3 full months of time-limited benefits in a 36-month period. *Id.*

A person is considered an ABAWD, if that person is:

- ...
- 18 to 49 years in age*;
- Able to work;
- Not residing in a household with a child under age 18 (regardless of the individual's relationship to the child, whether the child is included in the individual's FS assistance group, or the child's FS eligibility status); and
- Not pregnant.

...
FSH §3.17.1.4.

An ABAWD may be exempt from work requirements if the person:

1. Is determined unfit for employment, which includes someone who is:
 - a) Receiving temporary or permanent disability benefits from the government or a private source;
 - b) Mentally or physically unable to work, as determined by the IM agency;
 - c) Verified as unable to work by a statement from a health care professional or social worker;
2. Is responsible for the care of a child under age 6 or caring for an incapacitated person, either of which live outside the home;

3. Is receiving Unemployment Compensation (UC), or has applied for UC and is complying with UC work requirements;
4. Is regularly participating in an alcohol or other drug addiction (AODA) treatment or rehabilitation program;
5. Is a student of higher education and is otherwise eligible for FS ([3.15.1](#));
6. Is a full-time high school student age 18 or over;
7. Is receiving Transitional FS benefits; or
8. Is meeting the ABAWD work requirement.
FSH §3.17.1.5.

An ABAWD meets the ABAWD work requirement if one of the following applies:

1. Working a minimum of 80 hours per month. Use converted work hours if paid weekly or bi-weekly;
2. Participating and complying with an allowable work program at least 80 hours per month; * [includes FSET]
3. Both working and participating in an allowable work program for a combined total of at least 80 hours per month; or
4. Participating and complying with the requirements of a workfare program.
FSH, §3.17.1.7 (asterisk comment omitted).

I am declining to reverse this discontinuance of Petitioner's FoodShare. He does not meet the exemption requirements. He missed 9 FSET appointments before finally getting enrolled on July 9, 2015. Petitioner contends that he did not get any of the notices here except the final one. Nonetheless, all notices here were sent to the correct address, the above address, address provided by Petitioner. Quite frankly, it does not seem that Petitioner was recognizing the urgency of the ABAWD requirements and taking the requirements seriously. Petitioner has not met ABAWD requirements and has used his 3 months of time limited benefits. There is no basis for reversing the agency action or adjusting the time limited benefit clock.

CONCLUSIONS OF LAW

1. That the documentation is not sufficient to demonstrate that Petitioner is exempt from ABAWD FoodShare work requirements.
2. That the agency correctly discontinued Petitioner's FoodShare benefits for failing to meet ABAWD requirements.

NOW, THEREFORE, it is

ORDERED

That this appeal is dismissed.
